Keto Made Easy

Keto is the hottest dieting trend on the market! Some of the biggest A-list celebrities are endorsing the high fat, low carb plan as their way to keep a healthy lifestyle. SlimFast Keto is at the forefront of this movement, making Keto easy with delicious meal and snack options that are part of a clinically proven weight loss plan.* Maryann Walsh, a Registered Dietitian and SlimFast Plan Consultant, shares her thoughts on three of their most popular products.

Keto Bars

"A common frustration for keto-dieters is a lack of keto-friendly options when they are on-the-go. SlimFast Keto Meal Bars not only taste amazing but they are a satisfying meal replacement with vitamins and minerals to help fuel your busy day. They come in Whipped Peanut Butter Chocolate and Whipped Triple Chocolate flavors, and are gluten free. The combination of whey protein and coconut oil MCTs gives these bars both a smooth texture and flavor (not always the case with some keto bars) and they have 3g of net carbs with 7g of protein and 14g of fat. Definitely a must have if you're a busy keto-dieter or seeking a convenient and delicious option."

Keto Shakes

"These meal shakes are an impressive mix of whey and collagen protein and grass-fed butter and MCTs, and like the SlimFast Keto Meal bars they have an excellent vitamin and mineral profile, making them a true meal replacement. They come in Fudge Brownie Batter and Vanilla Cake Batter flavors and they mix with plain water making them extremely convenient! These shakes are really smooth and creamy and have 4-5 net carbs each, 8g of protein and 15g of fat so boast an optimal macro profile for keto-dieters."

Fat Bombs

"It's no wonder that there is such a buzz around these keto-friendly chocolate peanut butter cups! These cups are made with coconut oil MCTs and zero grams of sugar making them the perfect ketogenic snack and they are also gluten free. Like the bars and shakes, these delectable little snacks are super convenient and even if you aren't following a ketogenic diet, the great taste and zero grams of sugar make them a better option than many other chocolate treats out there!"

DAX & KRISTEN

Patience Is a Virtue

It's hard to imagine *Parenthood* without **Dax Shepard**, but the actor, 44, revealed on his March 25 *Armchair Expert* podcast that he initially turned down the gig. He'd just started dating now-wife **Kristen Bell**, 38, and thought, '"There's no way I can be in this relationship and move to Philadelphia [where the show filmed],'" he said. "I chose her, which blew my mind." It wasn't until production moved to LA, before the show's 2010 debut, that he took the job.

LEONA & DENNIS

Hurry Up and Wait

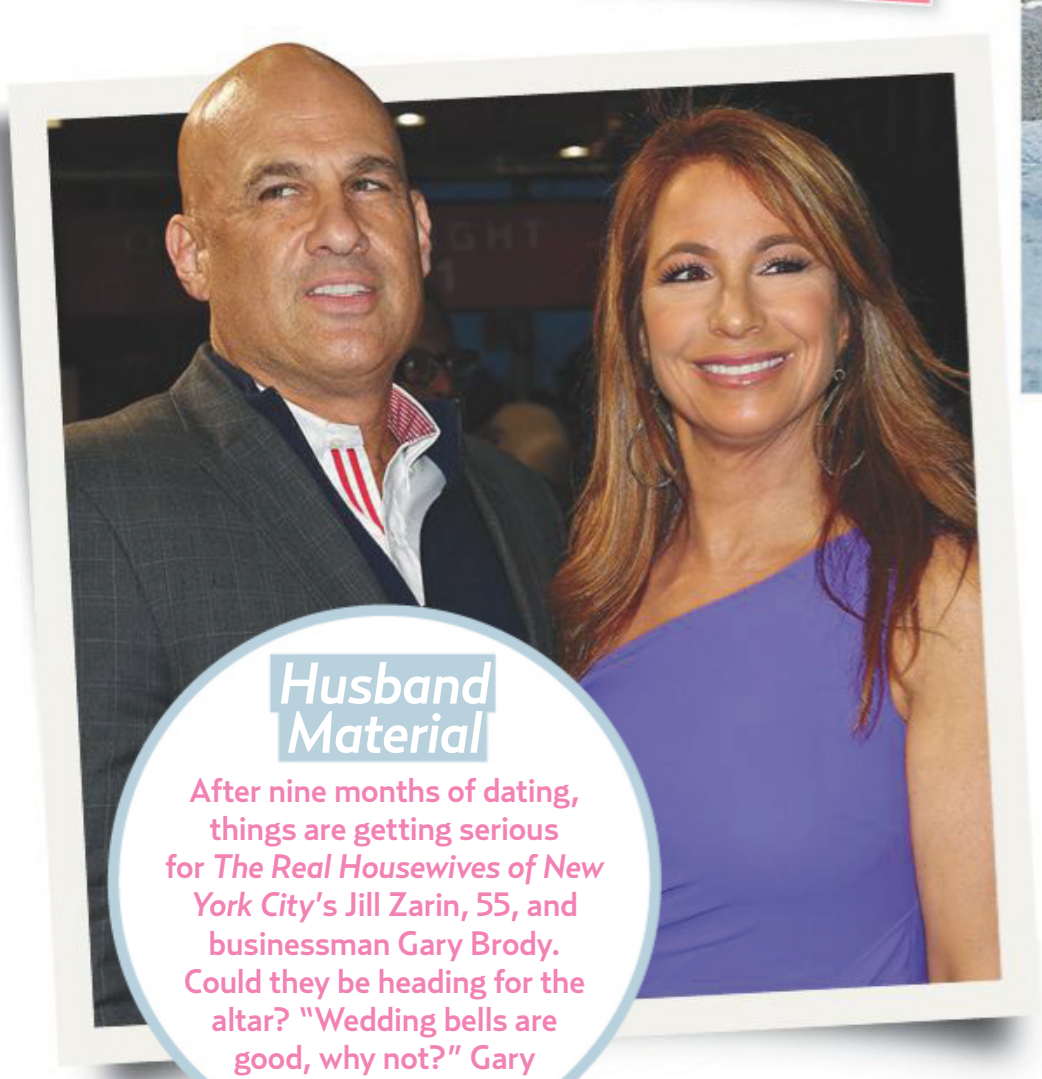

Nine months after choreographer **Dennis Jauch**, 30, proposed to **Leona Lewis**, his girlfriend of eight years, wedding plans are "in full swing," the singer-actress, 34, told *Us* at Keep Memory Alive's Power of Love gala on March 16. "We're both control freaks. Everything is set. Invitations just went out. It's really exciting!" A luxury honeymoon, however, is on hold. "We're going on a mini-moon," she says, "then a proper honeymoon when we have [more] time."

JOE & SOPHIE

One Cool Couple

With just a few months to go until their summer wedding, *Game of Thrones* star Sophie Turner, 23, and musician Joe Jonas, 29, aren't stressing. "The planning is going great — they're such an easygoing couple. That's why they work," a source tells *Us* about the pair, who started dating in 2016. "Of anyone Joe's dated, Sophie's the most down-to-earth and cool. She makes it so easy for the Jonases to love her. And it helps that there are some major *GoT* fans in his fam!"

Husband Material

After nine months of dating, things are getting serious for *The Real Housewives of New York City*'s Jill Zarin, 55, and businessman Gary Brody. Could they be heading for the altar? "Wedding bells are good, why not?" Gary tells *Us*.

DUCHESS MEGHAN

RULE BREAKER!

Duchess Meghan is subverting the royal rules — again! Despite reports that the mom-to-be, 37, and **Prince Harry**, 34, are set to welcome their firstborn in the Lindo Wing of St. Mary's Hospital in Paddington — in the same private suite where sister-in-law **Duchess Kate** gave birth to George, Charlotte and Louis — a source exclusively reveals to *Us* that the pair are opting for a different facility, saying, "It's unlikely Meghan will give birth in the Lindo Wing. She and Harry don't want to." Instead, the birth will "[most] likely be outside of London," says the source.

"Meghan is focused on calm and positive energy around the birth," a source tells *Us*.

THEIR WAY The ultraprivate Duke and Duchess of Sussex are hoping to keep Baby Sussex's upbringing private as well. "Harry and Meghan are very keen to live their lives quietly," says another source, adding that they don't plan to give their baby an official royal title. "They'll live a quiet life."

Mom **Doria Ragland** "has been helping Meghan" through her pregnancy, a source tells *Us*.

Prince Harry will be taking a paternity leave. "It's a modern thing," **Queen Elizabeth II**'s former press spokesman **Dickie Arbiter** tells *Us*.

Wendy and Kevin's marriage has "been a very long, sad, vicious cycle," a source tells *Us*.

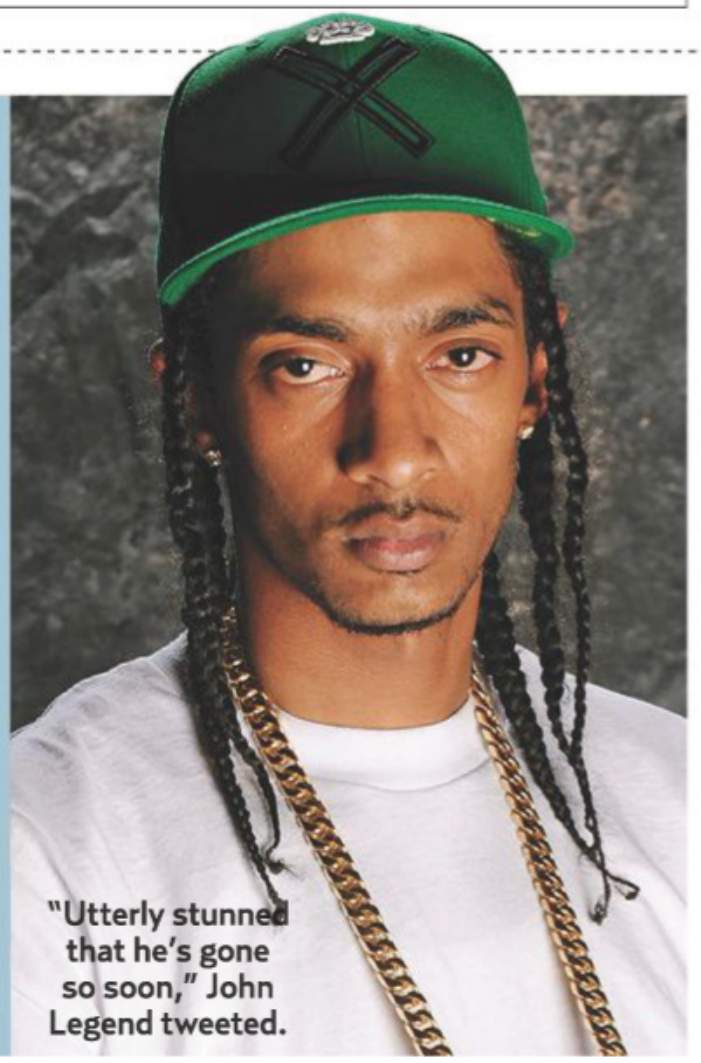

WILL THEY DIVORCE?

Wendy Williams has yet another heartache to face: She and **Kevin Hunter** are considering calling it quits after more than two decades of marriage. "It's Kevin who's wanted to separate so they're free to live their own lives," a source reveals to *Us*, noting that the TV host, 54, "has begged him to stay with her." The news comes a week after multiple reports revealed that Kevin, 46, and his alleged mistress, **Sharina Hudson**, welcomed a baby on March 25. Wendy was reportedly hospitalized hours later after allegedly relapsing on alcohol, just a week after she revealed on the *Wendy Williams Show* that she was living in a sober house. Says an insider, "She's a work in progress."

TRAGIC DEATH

Nipsey Hussle died on March 31. He was 33

Nipsey Hussle was shot and killed on March 31. A law enforcement source confirmed to *Us* that the rapper (real name: Ermias Asghedom) was in front of his Marathon Clothing store in LA at the time of the incident. Two other men were also injured at the scene. "Police are still investigating," the source added. **John Legend** has been among the many celebs to pay tribute to Nipsey. "He was so gifted, so proud of his home, so invested in his community," he wrote after revealing they'd filmed a video just days before.

"Utterly stunned that he's gone so soon," John Legend tweeted.

Beyoncé will be releasing her first solo album since 2016's *Lemonade*.

BEYONCÉ

Beyhive, Get Ready!

Beyoncé has one busy summer ahead of her. While the singer, 37, is gearing up for the release of Disney's live-action version of *The Lion King* (due out in July) — she voices Nala — she's also getting ready to drop new music, multiple sources confirm to *Us*. Beyoncé "doesn't have a new, full album" set, says one source, but she's definitely working on a "couple of new tracks on a deluxe album filled with old songs."

READY TO STREAM And there's more. The 23-time Grammy winner is also working with Netflix on a documentary, another insider confirms to *Us*, adding that it "will be tied to her Coachella 2018 performance" but will also include "new stuff peppered in."

Cray Cray for TomTom!

Hollywood can't get enough of **Lisa Vanderpump**'s restaurant

→ CHRISSY TEIGEN & JOHN LEGEND

The model tells *Us* she and John think the place has "a really cool vibe." They posed below a photo of co-owners Tom Sandoval and Tom Schwartz (a.k.a. TomTom).

→ EVE

The host of CBS' *The Talk* was seen at the spot on March 15, hanging out with partners (and *Vanderpump Rules* costars) **Tom and Tom.**

→ DARREN CRISS & MIA SWIER

Weeks after getting hitched, the actor and his wife followed Chrissy and John's lead. Tom Sandoval called the newlyweds "such great people."

→ PHARRELL WILLIAMS

Clap along if you love TomTom! While on *Watch What Happens Live!*, Tom Sandoval revealed that the "Happy" singer had paid a visit and enjoyed the Nutcase cocktail and had the cauliflower wings.

→ LADY GAGA

Before heading to the spot on March 17, the Oscar winner hung out with Lisa Vanderpump and her husband, **Ken Todd**, at their restaurant SUR. An eyewitness tells *Us*, "They were all in great spirits, drinking and dancing."

AN UGLY *VIEW*

Here's a new hot topic: When **Star Jones** sat at the table on ABC's *The View*, she had an antagonist in cohost **Joy Behar**. In fact, in 2004 — just two years before Star exited the show — Joy apparently spread a rumor that the lawyer, 57, had (get ready for it) stepped on a mouse and killed it, **Ramin Setoode** reports in his new book *Ladies Who Punch: The Explosive Inside Story of* The View (on stands now). The author claims the comedian, 76, "gleefully spread the rumor to some of her friends on the show." Ramin also claimed on *Watch What Happens Live!* on March 27 that Joy was part of the reason the world found out Star had had gastric bypass surgery. Around the time Star was fired, Joy and **Barbara Walters** "were leaking stories," he alleges, "to ruin her reputation."

MIRANDA KERR

Baby on the Way!

Model mama **Miranda Kerr**, 35, is expecting her third child! The model debuted her bump at the Gruner&Jahr Spa Awards in Baden-Baden, Germany, on March 30, nearly a year after she and hubby **Evan Spiegel** welcomed son Hart in May 2018. (She's also mom to Flynn, 8, with ex-husband **Orlando Bloom**.) "Miranda, Evan, Flynn and Hart are looking forward to welcoming the newest member to their family," the Kora Beauty founder's rep told *Us* in a statement. Miranda also tells *Us* being a mom is "my favorite thing I've ever done."

"What the hell was he thinking?" said Chris, who blasted Jussie at the NAACP Image Awards on March 30.

JUSSIE SMOLLETT VS. THE COURT OF PUBLIC OPINION

It's a story dramatic enough for *Empire*. First **Jussie Smollett** said he was attacked outside his Chicago apartment in an apparent hate crime on Jan. 29. Then he was indicted for lying to police, who claimed he orchestrated the attack. Now the actor, 36, appears to have avoided prosecution after all, as the state's attorney's office abruptly announced on March 26 that it was dropping the charges against him. "I've been truthful since day one," a triumphant Jussie declared. Still, his troubles seem far from over. Mayor Rahm Emanuel has demanded that Jussie pay the city $130,000 for the cost of the investigation; the FBI is looking into the case as well; and the stain on his reputation remains: Chris Rock ripped into the actor at the NAACP Image Awards in Hollywood on March 30 (despite, he says, producers warning him not to), where Jussie was a no-show. "Do you know what I could do with that light skin? That curly hair? I'd be running Hollywood!" Chris cracked. Not everyone was a fan of the material: When Yara Shahidi took the stage later in the show, she said, "I stand with Jussie."

"We're in the honeymoon stage," Malin tells *Us* of her marriage.

Like mother, like son! **Malin Akerman** sees a lot of herself in her son Sebastian, 5, with ex-husband **Roberto Zincone**. The little one uses "the same way to express" and "interpret love" as she does, the actress, 40, who is a longtime supporter of Children's Hospital Los Angeles' Make March Matter campaign, tells *Us*. In fact, when Sebastian's friends see Malin and husband **Jack Donnelly**, 33, showing PDA, they tell the tyke, "Wow! Your mom and dad kiss a lot," and Sebastian simply says, "Yeah, don't yours?"

What other lessons do you want to instill in him?

MA Making sure he understands how lucky he is.

What's your favorite way to spend time as a family?

MA We live close to Griffith Park, and that's such a lovely place to take a picnic and just be present.

Does Sebastian ever ask for a younger sibling?

MA He wants, like, five cats and three dogs, birds and guinea pigs. He's an only child, so he just wants the company.

Do you want more kids?

MA It's always in the conversation, but we don't know the answer to it yet. It's a big responsibility, but of course, it's a beautiful vision.

"It's our job to give back," Milla tells *Us* about her family.

MILLA'S LUCKY LADIES

Milla Jovovich's daughters live a "privileged life," and the actress, 43, is making sure they know it. On drives to school with Ever, 11, the mother-daughter pair have "pep talks," Milla tells *Us*. "I tell her about what's going on in the world. I tell her how lucky she is and to remember what's important in this life." The *Resident Evil* star wants Ever and her younger sister, Dashiel, 4, whom she shares with her husband, **Paul W.S. Anderson**, "to look outside" of themselves, which is why Milla leads by example. She speaks with Ever about "supporting great causes" because the Ukrainian-born actress knows how good they have it. "We're living in this incredible country, America, where we have everything at our fingertips," she tells *Us*. "So many people don't." That means if she sees her preteen "getting a bit complacent, feeling a little entitled" or being disrespectful to other people, Milla sits her down for a chat about charity.

Three's a Crowd!

For **Tia Mowry**, two children is enough. "I'm done. Done, done, done," the actress, 40, tells *Us*, 11 months after giving birth to her daughter, Cairo. Tia, who feels "very blessed" to have her baby girl and son Cree, 7, with husband **Cory Hardrict**, loves doting on her duo by "cuddling in bed with my children and watching TV."

CANDICE

Let it pour! **Candice Swanepoel** experiences "a lot of rainy days in New York," but the Victoria's Secret model, 30, and her sons, Anacã, 2, and Ariel, 9 months, make the most of the weather. The little ones "enjoy being at home painting and playing" or finding indoor parks, she tells *Us*.

Felicity was out and about with daughter Georgia on March 30 in Hollywood.

COLLEGE CHEATING SCANDAL

Spotted by cameramen while leaving a yoga class in LA on March 30, a grim-looking Lori Loughlin was definitely showing the strain. Facing more than a year behind bars for her alleged involvement in a nationwide college admissions cheating scandal, the actress managed to remain calm — and was careful to stay tight-lipped — when asked if she was afraid of going to prison and whether she would be able to mend her relationship with her daughters. "You can follow me around all day if you want, but I just can't comment right now," she said tersely. "I'm sorry, I can't talk to you. You have a beautiful day."

Lori's days have been anything but beautiful. The fallout continues to grow for the *Fuller House* star, 54, who, along with her fashion-designer husband Mossimo Giannulli, 55, were among 50 people — including fellow actress Felicity Huffman — charged last month for their alleged involvement in a nationwide scam to pay their children's way into elite universities. In their case, that allegedly involved forking over $500,000 in bribes to have their daughters Olivia, 19, and Isabella, 20, designated as recruits to the University of Southern California's crew team, even though they had never participated in the sport, to facilitate their admission.

A WHOLE NEW WORLD

"Lori has felt very trapped for the last few weeks, not wanting to leave her house or go out with friends," an insider tells *Us*. "She's mortified and gets the seriousness of the charges. But she's really less worried for her and her husband than for her

LORI & FELICITY

BACK IN

daughters' futures."

That's of little comfort to Olivia and Bella, who are "hurt, devastated and resentful," a source reveals. Olivia, a YouTube and Instagram influencer who has borne the brunt of the public's scorn — and lost partnerships with Sephora, Tresemmé and other companies — is so angry and embarrassed that she's been hiding out with her boyfriend in Malibu and is currently not speaking to her parents, a pal says. "She was passionate about her career, and now everything she built has imploded before her eyes. She feels they ruined everything."

MOTHER KNOWS BEST?

Like Lori, Felicity, who was spotted smiling as she was out shopping in West Hollywood, is trying to put up a brave front. The *Desperate Housewives* star, 56, is alleged to have paid $15,000 to rig a college admissions test for her older daughter, Sofia, 18. But behind the scenes, her "shame and humiliation" is said to be taking a serious toll on her marriage to her actor husband, William H. Macy, 69, who wasn't indicted in the scheme.

Both actresses are set to appear separately in court on April 3. "Felicity's lawyers are already in discussions with the United States Attorneys Office for a resolution to this nightmare," says another insider. "Felicity is hoping to avoid any prison time and would agree to plead guilty to not burden taxpayers with a long trial," or, presumably, herself and her family.

Lori, however, faces a more serious reckoning. "The charges against her involve both of her daughters, and it was a much more massive scale in terms of the deception and money involved," the source explains. "But prosecutors aren't going to agree to any plea deal for Lori that doesn't include prison time, and this applies to her husband as well." US

"Lori is in denial and doesn't believe she should have to spend any time in prison," a source reveals. "She'll go to trial before being separated from her family, and take those odds rather than just go to prison as part of a deal."

Bethenny Frankel My HEA

For the superfit reality-TV star and Skinnygirl entrepreneur, eating right means never having to deny yourself **BY PAULA CHIN**

1. RISE AND SHINE

After waking at 7 A.M., Bethenny gets going with a kombucha and an iced coffee. She takes her coffee with nondairy creamer and — what else? — Skinnygirl sweetener. She might have eggs one day, a muffin the next. Says Bethenny: "No two days are ever the same."

2. STRIKE A POSE

Despite her crazy busy schedule, the business mogul and single mom always squeezes a fast yoga routine into her day. One thing she's not quite as diligent about? "I wish I drank more water," admits the 48-year-old, "but I try!"

TUNE IN!

Visit *hsn.com* for Bethenny's latest Skinnygirl apparel collection, and tune in April 12 at 11 P.M. to shop exclusive new styles.

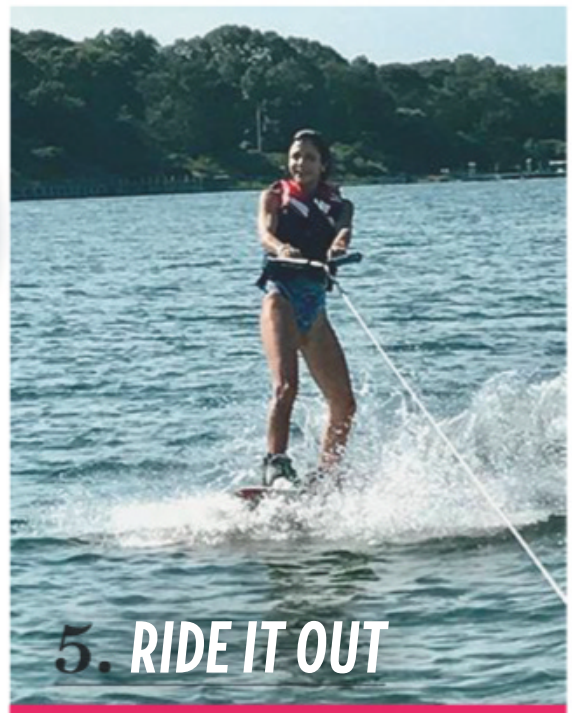

3. WALK THIS WAY

The *Real Housewives of New York City* star — who loves getting warm-weather exercise by walking on the beach — has a secret to avoid overeating: snacking. Explains the 5-foot-7 *Skinnydipping* scribe: "I never walk into a meal hungry."

4. GRAB SOME GREENS

Her go-to trick for guaranteeing a healthy meal? Pile your plate with vegetables, nuts and other superfoods. "Some days it's a vegan pizza, and other days it's an arugula salad packed with veggies," she says. "I eat variety versus repetition."

5. RIDE IT OUT

Wakeboarding is Bethenny's favorite activity, but swimming in the ocean, clamming or "doing anything in or by the water is lifesaving," she's said, adding that there's something about the sea air that eases stress and helps her unwind. It also works up an appetite!

6. TREAT YOURSELF

For Bethenny, maintaining her trim, taut frame is all about portion control, which means there are no forbidden foods. "I eat everything and love french fries and pizza and cake, but I don't gorge myself," she says. "I eat exactly what I crave, which is why I don't binge." We'll have what she's having!

Will the kids catch their folks on the season 1 reruns? "They'll watch the first 10 minutes and say, 'Ugh, no thanks,'" jokes Ryan.

EVERLASTING LOVE

Bachelor Nation's OG success story spills the details on their marriage — and what they think of Colton

It's been 16 years since **Trista** and **Ryan Sutter** fell in love on *The Bachelorette*. The couple, 46 and 44, respectively, sit down with *Us* to talk about the franchise that brought them together.

The first season of *The Bachelorette* is now streaming on Tubi. Will you be watching?

TS It's our love story, and it's kind of exciting. Maybe not so much for Ryan, because he has to watch me dating a bunch of other guys.

RS I still get a little jealous.

Is it strange how much the show has changed?

TS They kiss everyone on the first night! Back in the day, the Fantasy Suite was for getting away from the cameras. Now it's just about having sex.

But not with Colton!

TS I love how authentic Colton was, not only professing his love [to Cassie], but saying "I'm so sorry, I'm not in love with you" to the other two.

Do you still have the final rose?

RS I have the rose and the shirt and the suit that they gave me to wear. And she still sleeps with Shamu, which I gave to her on our first date.

TS Every night.

You've been happily married for 15 years. What's your secret?

TS You just put your time and effort into your marriage and prioritize each other. You focus on trust and respect and love and friendship — and on forgiveness when you have a bad day.

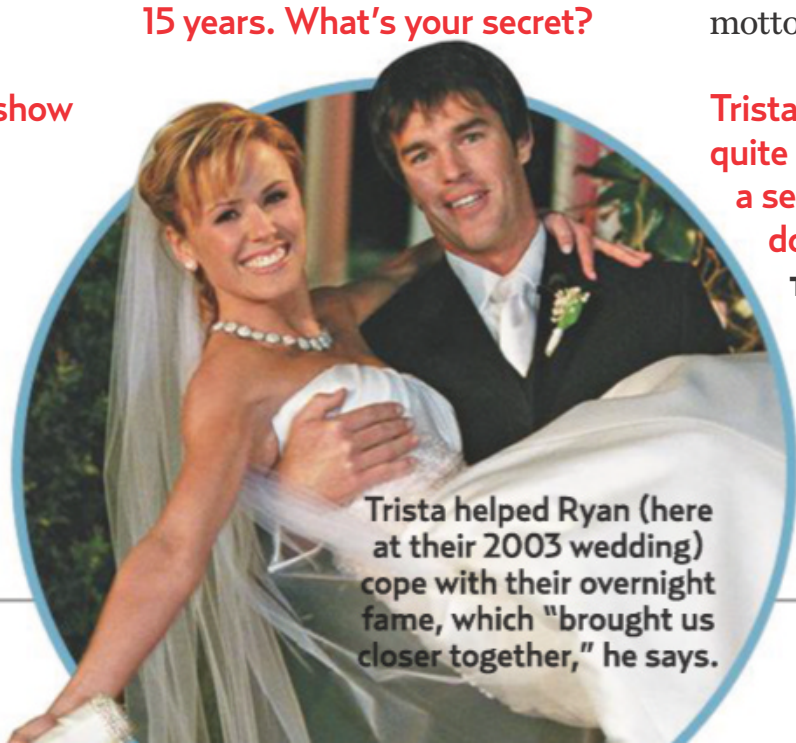

Any chance you guys would do a reality show about your family?

RS It would have to be super fun.

TS We love to travel with our kids [Max, 11, and Blakesley, 9] in our Airstream, so maybe a travel show. "Never say never" is one of my mottos.

Trista, you and your family had quite a scare when you suffered a seizure in 2017. How are you doing?

TS I'm great. That was a year and a half ago, and I haven't had any problems since, thank God. Now it's just about being healthy, living each day and cherishing what we have in life. •

Trista helped Ryan (here at their 2003 wedding) cope with their overnight fame, which "brought us closer together," he says.

TREND FORECAST

Rock the desert in celeb-inspired looks curated by Dubai-based makeup maven Huda Kattan

GET FESTIVAL READY

Stila Little White Lies Highlighting Palette, $45, *stilacosmetics.com*

HOLOGRAPH GIRL

Add touches of glimmer to high points of the face like lids and tops of cheekbones with opalescent powder "for an ethereal glow," says Huda. On eyes, light-reflecting shimmer adds a unique "pop of color," as **Amandla Stenberg** proved Feb. 24. But don't stop at the face! "Apply it to your shoulders for a frosted touch." It'll really stand out "as it's so different!" Huda says.

Huda Beauty Obsessions Palette in Topaz, $27, *hudabeauty.com*

SUNSET FADE

For this look "inspired by the vivid wash of colors at festival sunsets," Kattan suggests painting an ombré wash on lids (as **Emma Stone** did Jan. 5). The best news? "Burnt orange and dusty pinks are so gorgeous on every skin tone," as they play up golden tones and rosy tones equally, Huda says. Start with the lighter shades closest to lash lines, deepening hues as you work to just above the crease.

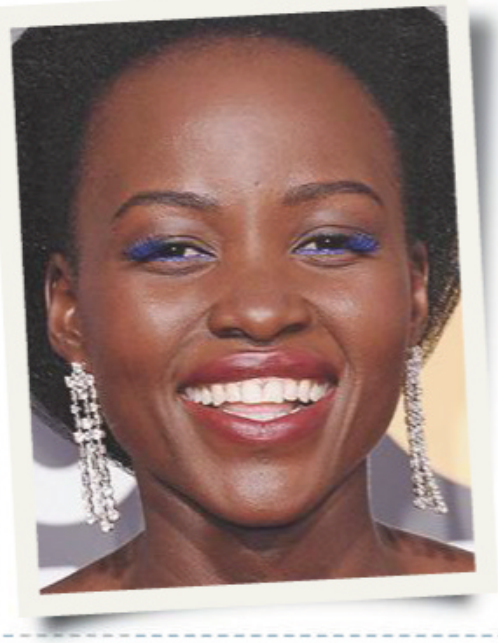

Huda Beauty Matte and Metal Melted Shadows in Double-Pump Latte and Top Drop, $25, *hudabeauty.com*

FOXY BRONZE

Not a fan of Technicolor makeup? The way to get in the groove wearing neutrals is to choose metallic hues. "Lids are begging to be gilded," Huda says. Another tip: Get subtle dimension — without sacrificing sultriness — by working with a range of shades such as rich brown, taupe and soft bronze (it worked for **Emily Ratajkowski** Feb. 24). Blending with a fluffy brush "helps soften harsh lines."

PURPLE REIGN

The fastest way to look on trend this season: Purple-pink highlighter adds radiance in "a totally fresh way," Huda advises. Swipe color across cheeks (as **Lupita Nyong'o** did Jan. 6), in the center of lids and even on collarbones. And don't be afraid to let your eye shadow do double duty as pigment that can be used anywhere — "now's the time to be creative," the pro says.

Lancôme Color Design Single in Violet Mercury, $22, *lancome-usa.com*

Chanel Multi-Effect Quadra Eye Shadow in Splendeur et Audace, $62, *chanel.com*

MERMAID EYES

Feeling the blues! Smoky turquoise and sea green lids with "some serious lashes" instantly create the sea-princess vibes seen on **Camilla Belle** Jan. 6. If a full eye wrap is too much for you, work the trend in a subtle way: Line just the lower lash line in an aquatic hue and smoke it out. "It's a really fun, young, modern take on a classic," Huda says.

Anastasia Beverly Hills Riviera Palette, $45, *sephora.com*

NEON LIGHTS

Bright on! A swipe of electric eyeliner "in a graphic shape" above the lash line (like **Margot Robbie** wore Feb. 10) will get you noticed, says Huda. To draw attention to the area, pair colorful liner with a bold brow and a neutral lip "to help balance out the look," she adds. But the most important thing to remember: "Playing with neons is all about expressing your individuality, so just have fun!"

HOW TO ORGANIZE LIKE A STAR

Hollywood turns to The Home Edit to tackle spring cleaning

For more tips on how to make the most of your space, pick up *New York Times* bestseller *The Home Edit: A Guide to Organizing and Realizing Your House Goals* ($15) anywhere books are sold.

Even A-listers get messy — just ask The Home Edit (*thehomeedit.com*) cofounders Clea Shearer and Joanna Teplin. Celebs including Jessie James Decker (her shoe-lover's dream closet is left), Mandy Moore, Mindy Kaling and Gwyneth Paltrow (check out her pantry, below) have trusted the pair to tidy their spaces.

Mandy, 35, hired the Nashville duo to get her new house move-in ready. "She really wanted to organize the elements to match the beauty of the home," Clea tells *Us*. "Her house had to account for the fact that she has a bunch of big dogs," she adds. That meant keeping food on higher shelves pets can't reach and using lower storage space for bulk goods, such as paper towels and bottled water. "You can't just style a space. It has to actually make sense. Everything we do is for a reason."

The pair also had free rein in *The Hills* alum Lauren Conrad's home — even moving in with the fashion designer, 33, and her husband, William Tell, for a week while making over the office, closet, bath and pantry. "Lauren admits she's never been an organized person," Clea tells *Us*. The team showed her how to best display items that bring her happiness — like colorful balls of yarn.

One tip the gurus suggest for anyone looking for a clean space: "Uniformity is hugely important," Joanna explains. "It doesn't cost anything extra to have things match… It also makes people want to maintain it." Now go get organized, people! US

Venturing *In the Dark*

Perry Mattfeld takes on "an actor's dream" in the CW drama, playing a blind woman investigating a murder

After discovering her friend's body, **Perry Mattfeld**'s Murphy Mason is on the hunt for answers in the CW's new drama *In the Dark* (April 4, 8 P.M.). That would be a challenge for anyone, but Murphy is blind, and the only other witness is her guide dog, Pretzel. "It was a challenge mentally, emotionally and physically," says Perry, 25. The *Shameless* vet sheds light on her role for *Us*.

You visited 29 organizations for the visually impaired. How else did the CW make sure things were authentic?

PM It's not just on screen, but off screen too — in our writers' room and through casting. That's how they found [blind actress] **Calle Walton**. It's really great to be able to work opposite her. She just completely impressed me over and over again.

How much time did you spend with Guide Dogs of America's Lorri Bernson, who inspired the role?

PM I followed her around and recorded her as she used her guide dog. I watched her get ready for bed, do her morning routine, cook and clean. I learned how to use an iPhone with the digital impaired settings on, and I watched her send emails. I was just so fascinated.

Murphy is a "flawed hero," says Perry, someone she's proud to see lead a show.

DENISE RICHARDS GOES *BOLD*

After more than 20 years in the industry, mom of three **Denise Richards** is a pro at multitasking. So it's no surprise that she's balancing two new projects — ***The Real Housewives of Beverly Hills*** and CBS' *The Bold and the Beautiful*, in which she plays Shauna, a single mother in Las Vegas. "She has a wild past but a good heart," says Denise, 48.

A WHOLE NEW WORLD

While Denise has acted in dozens of films and TV shows over the years, she'd never appeared on a soap opera before and "thought it would be a fun challenge." However, she's also balancing *RHOBH*, a challenge all its own, which details her life and relationships on screen, including her recent marriage to **Aaron Phypers**. "I understand people are curious about my relationship with **Charlie Sheen**," she tells *Us* about her infamous ex-husband, adding that nothing is off-limits on the show: "I want to keep it real and be my true, authentic self."

OPENS FRIDAY 4/5

The Best of Enemies

★★½★

Anyone who thought *Green Book* was an oversimplified look at race relations will also have issues with this true story. Set in 1971 Durham, N.C., it centers on the friendship between outspoken activist Ann Atwater (an underused **Taraji P. Henson**) and KKK leader C.P. Ellis (**Sam Rockwell**). The two begin on opposite sides, politically and socially. But in a bid to desegregate an elementary school, they become unlikely allies. Though an interesting slice of American history, the depiction of events comes off as honey-hued storytelling. With its grandiose speeches, the drama plays out as if we're watching a movie being performed on a stage. Still, the end-credits scenes featuring the real Ann and C.P. do warm the heart.

The slimming effect of stable blood sugar levels

The link between sugar consumption and increased body fat has long been known. Too much sugar in the diet promotes more insulin, the fat storing hormone, and thus more body fat. Mulberry leaf extract has been used for a while to promote healthy blood sugar levels, but can it also promote weight loss?

Recently, an Italian study of a sugar-blocking supplement showed significant weight loss results.[1] The supplement, called **Zuccarin, produced on average 20 pounds of weight loss,** in the 90 day study.

The subjects lost 10% of their body weight, inches off their waistline and three times the weight of the control group, who was also on a 1300 calorie controlled diet, but not taking the Zuccarin supplement. In addition, the subjects also experienced healthier blood sugar levels after using Zuccarin.

Zuccarin™ from New Nordic is the no.1 selling mulberry leaf supplement in the world.

The explanation behind the weight loss could be that Zuccarin uses mulberry leaf extract and chromium to promote healthy blood sugar levels. Mulberry leaf has shown to reduce the absorption of sugars in the foods we eat. When these sugars are undigested, our blood sugar stabilizes and, according to experts, weight loss can occur.

ZUCCARIN™ CHANGED MY LIFE

"I read about Zuccarin in a magazine and since I have blood sugar issues, I started taking this supplement. I have taken it for two years now and can't imagine being without it. I have seen my blood sugar levels stabilize and I have even lost 25 pounds since starting.

I recommended Zuccarin to a lot of my friends and they are now experiencing the same good results as I have. I love this product."

Stop the shedding - Turn up the volume!

Is your hair in need of a "health boost"? Is it shedding or starting to look dull? Then try nourishing it from within, with Hair Volume™, the world's leading hair nutrient tablet.

Beauty from within

Hair is essentially composed of dead cells so using topical solutions to nourish it won't do much good. **Nourishing your hair starts at the root.** Studies have shown that hair follicles benefit from nutrients found in grains, fruits and other plants. Apples, for example, contain the nutrient procyanidin B2, which is a beneficial hair growth-promoting factor.

TEST YOURSELF

- ○ Is your hair looking dull and thin?
- ○ Do you experience hair shedding?
- ○ Are your nails brittle?
- ○ Do you want to nourish your hair naturally?
- ○ Are you looking for more hair volume and shine?

If you answered YES to these questions, Hair Volume is definitely something you should try.

Just one tablet a day

Hair Volume™ is a best-selling supplement from Sweden that contains millet, biotin, and a special apple extract. Just one tablet a day will provide you with more hair nutrients than most competing brands and will help you strongly nourish your hair from within.

DID YOU KNOW?

The first thing you may notice when taking Hair Volume is that your nails start getting stronger because nails react faster to a new supply of nutrients than hair. After a month or so, your hair will likely stop shedding and start to gain volume.

TESTIMONIAL

"I have taken Hair Volume for two years now and the results are just amazing. My hair seems to have stopped shedding as much and now appears to grow faster and thicker. I did not tell my hairdresser about Hair Volume, so when she cut my hair, she asked me 'Have you done something different? Your hair feels thicker.' I strongly recommend this great product to everyone!"

25 THINGS YOU DON'T KNOW ABOUT ME

BY Tony Robbins

The life and business strategist, 59, gives *Us* some inspiration

Tony's *Unleash the Power Within* event heads to Dallas July 11–14.

1. I'm obsessed with water — the ocean, rivers, lakes. I gotta be near it.

2. I'm on a plane about every four days. Last year, I traveled to 18 countries and 108 cities.
3. I've never drunk coffee. Could you imagine me caffeinated?
4. I lived in my 1968 Volkswagen for a little while.
5. My shoes are size 16. You can basically ski in them.
6. I've been measured to burn 11,300 calories each day I'm on stage at my *Unleash the Power Within* event. That's the equivalent of two and a half marathons at a sprint-walk pace.

7. My late-night go-to indulgence is an icy from the nearest gas station. My slushee ratio is very specific: 80 percent Coke, 20 percent cherry.

8. My house is part sanctuary, part laboratory. I use a lot of mad-science solutions like infrared lasers and Tesla technology to heal my body.
9. I'm 6-foot-7 now, but I was only 5-foot-1 in high school. I joke that it's "personal growth," but the truth is I have acromegaly.
10. Last year I worked with the Washington Capitals. When they won the Stanley Cup, I got a ring. My banana hands are so big, the ring size literally broke the NHL mold.
11. As a teen in LA, I worked as a janitor in a bank.

12. I think the *Deadpool* movies are hilarious. I got a kick out of the taxi driver listening to my audio program in the sequel.

13. My wife, Sage, is my everything. She's equal parts beautiful, genius and perfectly weird!
14. My family watches me watch movies because I get so associated, my mouth moves along. I can't help it!
15. The elevator scene I'm in with **Jack Black** in [2001's] *Shallow Hal* was mostly unscripted. I can't act, so I just had to be myself.

16. I love to golf, but I never keep score, ever.

17. I'm an intense guy, but I haven't made it through a single episode of *This Is Us* without crying.
18. My grandfather [writer Charles Shows] created the *Yogi Bear* and *Huckleberry Hound* cartoons.
19. I've always wanted to be able to sing!
20. I'm a dedicated contributor to Operation Underground Railroad. It's rescued nearly 2,000 child-trafficking victims and arrested close to 1,000 traffickers around the world.
21. I've had all kinds of dogs through the years, including a Great Dane named Arthur, a pit bull named Buddha and a Yorkie named Missio.

22. I don't like spicy foods. No chili peppers for me, please.

23. I eat a mostly plant-based diet, but I can't refuse a Häagen-Dazs Cookies and Cream ice cream shake.
24. I had mercury poisoning levels that were off the charts because all I used to eat was salad with tuna or swordfish.
25. I'm passionate about ending hunger. I donated 100 percent of the profits from my two latest No. 1 *New York Times* bestselling books to Feeding America.
